“As a summer intern, Kaitlyn designed, edited, and delivered digital signatures for three Realtors on my team at RE/MAX Advantage. Kaitlyn communicated effectively with me on our needs and met deadlines for the project. We were very pleased with her digital marketing work. Her creativity, design, and computer skills prepare her for any company.”

“During her time working with me as a local realtor, Kaitlyn showcased her ability to translate her artistic skills into practical marketing strategies. We collaborated on designing a Compass Real Estate ad, where her creativity and attention to detail truly shone. She has a natural talent for creating visually appealing and persuasive content that captivates the target audience. What sets Kaitlyn apart is her exceptional work ethic and commitment to excellence. She consistently goes above and beyond to deliver exceptional results, no matter the task at hand.”

“We loved the pictures of students in each corner with their programs and careers. There was a clear connection between an LTC education and the real world, which was a spot-on message.”

– *Christine Loose, LTC Foundation Executive Director*

“Kaitlyn was responsive, asked the right questions, listened to our ideas and offered various options to us as we refined our design. Kaitlyn was easy to work with and was able to explain the design process in understandable ways. She also went above and beyond with some last-minute tweaks to help bring my ideas to life.”
